Subject: RE: Lab Certificate Numbers

Good morning Jim,

Sorry for the confusion. I will send another reminder to the ADA's.

Fred

Subject: Lab Certificate Numbers

Hi Fred,

ADA Richard Locke faxed us a Superior Court Trial list for the month of October with the names of analysts that will be needed for trial. What we really need is our lab certificate numbers not defendants names with a trial date. A summons with that info would be great for us and our records. Thanks,

Jim
